Fast track dogs will only get qualifying ribbons at the Beginners/Games I and Intermediate/Games II levels. One High in Trial will be offered each day to one dog/handler team that competes in all classes per day. HIT to be determined by highest cumulative scores, then fastest cumulative time if score is tied.

Move-Ups

Pre-entry move-ups requests must be in writing but may be sent via email to the trial secretary at LKO1014@yahoo.com at least 48 hours prior to the trial. Move-ups will be accepted each day from event to event.

Height Divisions

Owners are responsible for entering the proper height division. Judges reserve the right to measure dogs entered in any trial. At the handler's option, dogs may be entered in any height division. Dogs that run in a height division higher than their measured division will be scored in the higher jump height division (ex: if your dog is measured into the 12" division and you jump 16" at a TDAA trial you will be competing with 16" dogs for placements). Dogs that run in a height division lower than their proper division will be scored with dogs of their measured height. TDAA height divisions are:

- 2" jump height: for dogs measuring 4" or less at the withers (or with body type or veterans exemptions)
- 4" jump height: for dogs measuring 8" or less at the withers;
- 8" jump height: for dogs measuring 12" or less at the withers;
- 12" jump height: for dogs measuring 16" or less at the withers;
- 16" jump height: for dogs measuring 20" or less at the withers.

ALL DOGS WITHOUT A PERMANENT HEIGHT CARD must be measured prior to the first day of competing at this trial. Arrive early enough to accommodate measuring.

TWO MEASUREMENT BY TDAA JUDGES are needed to show a dog in the TDAA without requiring measurement.

Disabled Handlers: A time exemption will be granted to disabled handlers amounting to 4 seconds in Standard course times and in qualifying course times for Games classes. Proof of disability shall be a copy of the handler's disability parking tag or other official documentation, which must be included with the entry or presented at check-in at the trial.

Fast Track Program

Titles may be grandfathered from other organizations on a "Fast Track" basis. A dog with a higher title from another organization may move up on the same day to the next level of TDAA competition with a qualifying score but no higher than the comparable level. **You must submit a copy of certificates from the organization in which the higher level title was earned for each dog.**

A dog eligible for Fast Tracking may only move up one class at a time and not skip over a class whether or not they met the criteria for a higher class in the first test. A dog moving up on the Fast Track will not be eligible for placement within the class that he received the qualifying score and will not earn a title or receive a title certificate for that level.

Please mark the classes that apply on the Trial Entry form and submit an additional \$8.00 with your entry (payable to SSPC). Payment of this fee is no guarantee that your dog will qualify at the lower level (though he will have multiple chances at each), and is non-refundable. The Fast Track fee must be paid for this trial even if it was paid for a previous trial.

The following is a list of obstacles to be used:

WANTED! Volunteer Sign Up

Volunteers are the backbone of any agility trial. By its very nature TDAA is small. Small dogs, small equipment, small trials, and a small number of handlers. We can use everyone's help—even for a short period. Please sign up to volunteer to work during classes you are not running in.

If you aren't sure how to do a job—we'll be happy to train you! We will make sure you get adequate time to warm up your dog and do your walkthrough. We want everyone to have a pleasant experience running in TDAA while at the same time helping to make the trial run smoothly.

Games Class Descriptions

The following are some brief descriptions of the games offered at this trial. We encourage you to enter the games classes even if they seem unfamiliar to you – we are sure that you will have lots of fun!

Judge's briefing on day of trial supersedes any previous briefings. The judge will provide a thorough briefing to exhibitors and hard copies of the complete rules and qualifying requirements will be available. Example briefings are available on TDAA's Web site at www.k9tdaa.com.

Chutes and Ladders – The objective of the game is negotiate a course of tunnels and contact obstacles. Time starts when the dog crosses the start line, and ends when the dog crosses the finish line. Chutes and Ladders is scored time plus faults. The dog and handler team run the numbered course, with faults assessed for off courses or missed contacts.

Jumpers – Jumpers courses consist only of hurdles and tunnels. The dog is required to run the course in the sequence indicated by the judge. Off-courses and knocked bars are always faulted.

Rabbit Express – The objective of Rabbit Express is to summon the inner speed in every dog, while at the same time creating an opportunity for the dog that approaches life from the point of view of the tortoise to prevail. Rabbit Express is a numbered, steeplechase-style speed course that dogs will need to run like the proverbial rabbit. The goal is to negotiate the Rabbit Express sequence as quickly as possible. However, there is a twist, (of course!) that the wise tortoise may take advantage of. Somewhere along the course two Rabbit Holes will be hidden. The reckless rabbit who falls into the hole must navigate a detour sequence to dig itself out and get back on the Rabbit Express. That could be just the chance the Tortoise needs to pass right by! No refusal faults shall be called, however all obstacles must be performed, else a 20 point failure to perform fault shall be assessed.

12 Tone Row – The purpose of Twelve-Tone Row is to accumulate as many points as possible. Each obstacle has the value of its number on course. The same obstacle may have different values, depending on the direction in which it is performed. The handler may direct his dog to perform the obstacles in any order he chooses. If the dog chooses the obstacle to perform, the handler will have to live with it. Only 12 obstacles may be performed. The 12th must be the weave poles, in either direction. The dog and handler team will earn the assigned point values of the obstacles taken. No points are awarded for a repeated obstacle.

Minuet – The dog and handler have 50 seconds. Repeat the sequence as a continuous loop until the expiration of time. The judge may specify that the dog has to cross a finish line or go to a table to stop time after the whistle blows to end scoring. One point is earned for each completion of the loop. One decimal point is earned for each jump in an uncompleted loop when time expires. If the dog drops a bar, the handler must stop and reset the bar. If the dog goes off course, one point is lost. Counting of the loop will not continue until the dog returns to the next on-course jump.
